

## 1867 Cave

Last Updated Friday, 29 December 2006

Location: Sudbury, VT

Description: A tight, sinuous cave with relatively unspoiled decorations. Home to a family of porcupines year round.

Pictures:

Bill Hammond examines one of several flowstone falls within the cave.

Bill Hammond sitting at the end of the cave, in a flowstone choke. A very wet location.

Kevin O'Classen moving through one of flowstone squeezes.
